GROUP LESSONS (40 MIN'S):

I would be so excited to teach you, or a group of friends everything i know about the Guitar (acoustic or electric), Piano, or the Recording studio. All of the instrumentation you hear on my records are performed and written by me. I teach absolute beginners, intermediates looking to grow, and advanced philosophies and techniques to better speak through the instrument and the D.A.W's.

GUITAR / PIANO: **35\$ CAD**

RECORDING (CUBASE): **30\$ CAD**

** Any D.A.W. Is Fine**

P.S I encourage Group lessons as learning with friends has the element of accountability and collective motivation, its also much more fun.
